[The Get Back album was intended for release in July -69, but its release was pushed back to September to coincide with the planned television special and the theatrical film about the making of the album. In September, the album's release was pushed back to December because The Beatles had just recorded "Abbey Road" and wanted to release that album instead. By December the album had been shelved.

On 15 December, The Beatles again approached Glyn Johns to produce an album from the "Get Back" tapes but this time with the instruction that the songs must match those included in the as yet unreleased "Get Back" film. Between 15 December -69 and 8 January -70, new mixes were prepared. Glyn Johns' new mix omitted 'Teddy Boy' as the song did not appear in the film (and possibly because McCartney had indicated to Johns that he had re-recorded the song for his upcoming McCartney album). It also added 'Across the Universe' (a remix of the -68 studio version, as the January -69 rehearsals of the song were judged unsatisfactory) and 'I Me Mine', on which only McCartney, Harrison and Ringo Starr performed (Lennon was on holiday in Denmark and had essentially left the band by that time). 'I Me Mine' was newly recorded at 3 January -70, as it appeared in the film and no multi-track recording had yet been made. The Beatles once again rejected the album.]

EP:t::

The following Parlophone-only released UK EPs were considered official at the time of their release and were re-issued on 7 December 1981 on vinyl and 26 May 1992 on CD in the EP Collection boxed-sets but have since been deleted from the current Beatles catalogue. All of the songs from the EPs are now available on various CD releases. Only two of the EPs contained songs that were not also featured on their albums or singles: the Long Tall Sally EP, whose tracks can now be found on the Past Masters CD, and the Magical Mystery Tour EP, whose tracks are on the Magical Mystery Tour CD album.

The Parlophone-only released EPs were re-released on 7 December 1981 as part of a 15-disc EP boxed-set called The Beatles EP Collection, which included all 13 British EPs, both mono and stereo editions of Magical Mystery Tour, and also an EP of four stereo mixes, new to the UK. This rarities EP, called The Beatles EP, contains the following four tracks: "The Inner Light", "Baby, You're a Rich Man", "She's a Woman" and "This Boy". The EP Collection was re-released on 26 May 1992 on compact disc. Magical Mystery Tour peak chart positions were originally listed in the singles chart, not the EP chart.
