

The Tubes: Lyrics vs. Albums!

-75

"The Tubes";

- "Up from the Deep".

Tell me how you want it
and that's we'll play it
Listen to our single
Watch how they play it
Tell me how you want it
That's how I'll have our guitar
player, Roger Steen, play it
Play this song together
That's how we like it
And all my boys will play along
Even if they don't like the song
Even if the progression's wrong
Wake us up from a sleep
Comin' up from the deep

- "Haloes".

I am looking for someone today
Someone I can get to see my way
When I find that light I'll lay down low
When I know I'm right I won't let go
In my mind I feel this world is small
I think I would like to see some more
Eventhough my name is in the neighborhood
I can't find that line in the way I should
Can't they tell I built my heart a wall
And would be so glad to be recalled
Looking through the eyes of one who knows
The world is small, but I could make it grow

How can I believe in the things you say
You can't sing the song I wanna play
Hey by now I got it right
And you can't even see the end in sight
In my mind I feel this world is small
I think I'd like to see some more
Looking through the eyes of one who knows
The world is small but I could make it grow
In my mind I feel this world is small
I think I'd like to see some more

- "Space Baby".

Space baby, you got no planet
Space baby, you got no planet
Got no home to give a name
No air to breathe but just the same
I dig my atmosphere machine

Space baby, you've been so far
Unknown face on an unknown star
The time is now, my life's begun
I'm burnin' green like a rhomboid sun
I've never seen a flower grow

It's a mystery to me just how my being
Came to be and why it came here
Maybe, I'm not even human but I know
There's lots of room infinity

There's got to be a time and place
For me to cease this endless search
And settle down with my own race
And never, ever, ever be a space, space baby
Space, space baby, space, got no planet, space

Space, baby, you've been so far
Space, baby
Space, space, space

- "Malagueña Salerosa".

Que bonitos ojos tienes
Debajo de esas dos cejas
Debajo de esas dos cejas
Que bonitos ojos tienes

Ellos me quieren mirar

Pero si tu no los dejas
Pero si tu no los dejas
Ni siquiera parpadear

Malagueña salerosa
Besar tus labios quisiera
Besar tus labios quisiera
Malagueña salerosa

Y decirte nina hermosa
Eres linda y hechicera
Eres linda y hechicera
Como el candor de una rosa

Si por pobre me desprecias
Yo te concedo razon
Yo te concedo razon
Si por pobre me desprecias

Yo no te ofrezco riquezas
Te ofrezco mi corazon
Te ofrezco mi corazon
A cambio de mi pobreza

- **"Mondo Bondage".**

Mondo Bondage
I've been tied up so long, there's no escape

I've been strangled
All choked up inside, swallowed all my pride

Roped and hogtied
Been tied up in knots that's all I got

Gi-gi, gi-gi, gi-gi, gimme glove shoes
This ain't no way for havin' fun

I could run away to Spain
But I'd just get tied again
I could run off to Jamaica
If this bondage I could break

I could run away to Spain
But I'd just get tied again
I could run off to Jamaica
If this bondage I could break

- **"What do you Want from Life? "**

What do you want from life?
To kidnap an heiress
Or threaten her with a knife?

What do you want from life?
To get cable TV
And watch it every night

There you sit, a lump in your chair
Where do you sleep
And what do you wear
When you're sleepin'?

What do you want from life?
An Indian guru
To show you the inner light

What do you want from life?
A meaningless love affair
With a girl that you met tonight

How can you tell when you're doin' alright?
Does your bank account swell
While you're dreamin' at night?

How do know when you're really in love?
Do violins play when you're touching the one
That you're lovin'? oh

What do you want from life?
What do you want from life?
Someone to love
And somebody you can trust

What do you want from life?

What do you want from life?
To try and be happy
While you do the nasty things you must

What do you want from life?
What do you want from life?
What do you want from life?
What do you want from life?

Well, you can't have that
But if you're an American citizen, you are entitled to
A heated kidney shaped pool, a microwave oven
Don't watch the food cook
A Dyna-Gym, I'll personally demonstrate it
In the privacy of your own home
A king size Titanic unsinkable
Molly Brown water bed with polybendum

A foolproof plan and an airtight alibi
Real simulated Indian jewelry
A Gucci shoetree, a year's supply of antibiotics
A personally autographed picture of Randy Mantooth
And Bob Dylan's new unlisted phone number
A beautifully restored 3rd Reich swizzle stick
Rosemary's baby
A dream date in kneepads with Paul Williams

A new Matador, a new mastodon, a Maverick
A Mustang, a Montego, a Merc Montclair
A Mark IV, a meteor, a Mercedes, an MG
Or a Malibu, a Mort Moriarty, a Maserati
A Mac truck, a Mazda, a new Monza, or a moped
A Winnebago, hell, a herd of Winnebagos
We're giving 'em away
Or how about a McCulloch chainsaw

A Las Vegas wedding, a Mexican divorce
A solid gold Kama Sutra coffee pot
Or a baby's arm holding an apple?

- **"Boy Crazy".**

Was it Jimmy's fault on your first date
you promised Mom you wouldn't be home late
At the drive-in you climbed in the back
Skipped the movies and forgot the snack
Petting heavy didn't bother you
Your eighth grade teacher showed you what to do
Failed your English and Biology
But you learned the facts of life from A to Z

Boy Crazy, from town to town
Boy Crazy, the rumor went around
Boy Crazy, from town to town
Forgot all the names
They're all the same
Forgot all the names

Jimmy told Bobby 'bout your transgressions
And you told the priest in your confession
And he told ya God would get ya someday
But you were to quick, and ya moved on Monday

Another waitress with an I.U.D.
Went to the clinic, where you got it free
There's something missing, but you don't know what
Someone should tell ya, I'd rather not

Boy Crazy, from town to town
Boy Crazy, the rumor went around
Boy Crazy, from town to town
Forgot all the names
They're all the same
Forgot all the names

- **"White Punks on Dope".**

Teenage, had a race for the nighttime
Spent my cash on every high I could find
Wasted time in every school in L.A.
Gettin' loose, I didn't care what the kids say

We're white punks on dope
Mom and Dad moved to Hollywood
Hang myself when I get enough rope

Can't clean up, though I know I should

White punks on dope, white punks on dope
White punks on dope, white punks on dope

Other dudes are living in the ghetto
But born in Pacific Heights
Don't seem much betto

We're white punks on dope
Mom and Dad live in Hollywood
Hang myself when I get enough rope
I can't clean up, though I know I should

White punks on dope, white punks on dope
White punks on dope, white punks on dope

I go crazy 'cause my folks are so fuckin' rich
Have to score when I get that rich white punk itch
Sounds real classy, living in a chateau
So lonely, all the other kids will never know

We're white punks on dope
Mom and Dad live in Hollywood
Hang myself when I get enough rope
I can't clean up, though I know I should

White punks on dope, white punks on dope
White punks on dope, white punks on dope
White punks on dope, white punks on dope
...

-76 "Young and Rich":

- "Tubes World Tour".

The girls got embarrassed
When we did our act in Paris
Same way that they did in L.A

And we really had a battle
When we did it in Seattle
Vancouver on the very next day

San Diego kept us busy
We got so dizzy
With the interviews and radio shows

The fans were no turkeys
When the Tubes played Albuquerque
Stood up and shouted and let us know

Bonjour, bonjour
The Tubes World Tour
A mighty important crusade

Tres chouette mi amore
The Tubes World Tour
We'll be leavin' as soon as we're paid

Well, they threw us in the slammer
When we did it in Miamer
(All over the world)
Mondo Bondage blew their mind

The kids were screamin' 'More!
In Baltimore
Thought they would never unwind
(All over the world)

Tried to rush Dr. Fee
In Washington D.C
(All over the world)
A.M.A didn't go for the chainsaw

Played Town Without Pity
Just for New York City
And Quay knocked 'em dead with his big guitar

Buongiorno ate
The Tubes World Touree
A mighty important crusade

Tres chouette mi amore
The Tubes World Tour
We'll be leavin' as soon as we're paid

Oh ho ho ho
Thank heaven for little girls
I love them, each and everyone, oh ho

Tres chouette mi amore
The Tubes World Tour
We'll be leavin' as soon as we're paid

All over the world
(All over the world)
All over the world
(All over the world)

All over the world
(All over the world)
On the Tubes World Tour
(All over the world)

All over the world
(All over the world)
All over the world
(All over the world)

All over the world
(All over the world)
On the T-T-T-Tubes World Tour
(All over the world)

All over the world
(All over the world)
All over the world
(All over the world)

All over the world
(All over the world)
On the Tubes World Tour

- **"Brighter Day"**.

Come on baby, I'm in love with you
I can't get it off my mind
I've been thinkin', I've been dreamin' oh
'Bout this heart of mine

In a day we'll know, oh, we'll know
Yes, we'll know
'Bout a heart that's strong
And a mind that is wrong

Take my hand and see
All the things you can be
Doo, doo, doo, doo, doo, doo, doo, doo
Doo, doo, doo, doo

Come on baby, I'm in love with you
I can't get it off my mind
Mind's been foggy since I first spied that baby
I can't get it off my mind

First the sun will shine
See how bright the day
Then the rains will come
Wash away, wash away

All the blues will go
Oh, we'll know, yes we'll know
Doo, doo, doo, doo, doo, doo, doo, doo
Doo, doo, doo, doo

Brighter day
Brighter day
Brighter day

Brighter day
Brighter day
Brighter day

Come on baby
Come on baby
Come on baby
Come on baby
Come on baby

- "Pimp".

I'm your only friend in this
big city
I can make you wealthy if you'll
listen to me, pretty
I've got friends that can get you
anything you need
But you won't need much baby
if you'll just listen to me
When your bloodshot eyes see my
twenty-dollar tie
Put my hand in my pocket and baby
and I'll fish out a five spot

Buy yourself a drink
You might need two
Don't need to worry
'Cause I know just what to do
Use my car, my brain and
you're my oh my oh my oh mine
You won't feel nothin' baby
You'll be real high
When those bloodshot eyes
See these twenty-dollar thighs
I'll put my hand in your pocketbook and I'll
Slip out a \$20 honey and

Pimp--can't you control your bitches
Ain't you got no vision
Pimp--can't you control your bitches
Ain't you got no vision

I was rappin' on the phone with a
dude I know
Tell me your plan, you're gonna
write your own show you foolish thing
Baby you're young and you're stupid and
I'm gonna shine it on, if you know what I mean
This is my town and this is my number and I'm
Directing this scene
And of all my chicks I swear you're
the only one I've got plans for
We're gonna save that money
We're gonna get away
Close that lonely livin' door

Pimp--can't you control your bitches
Ain't you got no vision
Pimp--can't you control your bitches
Ain't you got no vision

- "Stand up and Shout".

If there's any doubt in your mind, don't waste your time
Because when you find what it's all about

When you're feeling locked up inside yourself
And you're trying to find the key to let yourself out

If you get to feeling like you've never felt before
Then you know without a doubt

If you wonder why you frown and that you're still on the ground
Well you can just look around at what you've been without of

And just because somewhere along it started feeling wrong
And it's been too long since you opened your mouth

Then you get to wondering why it took so long to find
There's just one thing you can't do without
You better stand up and shout

If you're feeling satisfied don't make it stay inside
It's time you tried to let it all out
Stand up and shout

When your head is feeling light and everything is right
And you don't know what the fight is all about

Stand up and shout

When you get to thinking things you never thought before
Then you'll know, without a doubt
Come on and stand up and shout!

Well, alright!
(Stand up and shout)
(Stand up and shout)
(Stand up and shout)

Are you with me honest people?
(Stand up and shout)
All you white punks
(Stand up and shout)
All you young Americans
(Stand up and shout)

And the backstreet tramps
(Stand up and shout)
And the sad eyed ladies
(Stand up and shout)
Mr. Rhinestone cowboy
(Stand up and shout)

All you young dudes
(Stand up and shout)
Everybody stand up and shout!

- **"Don't Touch me there".**

Ooh baby, move closer to me
I've had all that I can stand
Take hold of me with your hands

Oh baby, you give me the chills
Whisper low in my ear
Let me know how it feels
Just to know you are near

Your body gives me a thrill
As it leans against mine
I love how it feels
With your jeans against mine

The smell of burning leather
As we hold each other tight
As our rivets rub together
Flashing sparks into the night

At this moment of surrender
Darling, if you really care
Don't touch me there
Don't touch me there
Don't touch me there
Don't touch me there

Unzip that jacket
That leather smells so sweet
Put your chest against mine
Feel my heart beat

I love the way your belt fits
The way it hangs so low
So low on your hips, my darling
I want you so

I love your sweet, sweet lips
I love your salty taste
I love your finger tips
When I reach for your waist?
Uh, huh

The smell of burning leather
As we hold each other tight
As our rivets rub together
Flashing sparks into the night

At this moment of surrender
Darling, if you really care
Don't touch me there
Don't touch me there
Don't touch me there
Don't touch me there

I will give my love forever
If you promise me you'll
Never never never touch me there

Don't touch me there
Don't touch me there
Don't touch me there

- **"Slipped my Disco".**

Well, the joint was jumpin', maybe I got too high
And the beat was familiar, my feet was too sly
And I tried to hustle and tried to bump
I was always steppin', when it was time to jump

My baby said quit, I told her I wouldn't
If she asked me today, I'd say I couldn't 'cause I

Slipped my disco, he slipped his disco
Slipped my disco when I was dancing with you, baby

I begin to wonder is it worth the pain
Get so twisted that you wind up lame
Maybe it's my technique or is it my shoes
Just another white boy with the disco blues

Sometimes my body does things that my brain don't understand
I'm not the man I was but my feet still think I am
And the doctor's busy, he's checkin' me out
He called me crazy to jump and shout

I said, one more number doc, just one more tune
Let me out of this emergency room and I

Slipped my disco, he slipped his disco
Slipped my disco when I was dancing with you, baby

I begin to wonder is it worth the pain
Get so twisted that you wind up lame
Maybe it's my technique or is it my shoes
Just another white boy with the disco blues

I begin to wonder is it worth the pain
Get so twisted that you wind up lame
Maybe it's my technique or maybe my shoes
Just another white boy with the disco blues

- **"Proud to be an American".**

I'm proud
To be an American
I'm proud
Of the groovy things we've done
There's television, free religion, rock 'n' roll, Standard Oil
Times Square, Jimmy Darren, Corey Wells, and Smokey Bear
Price reduction, reconstruction, Peace Corps, and lots more
Culture that we got to lend
I'm proud
To be an American
And I'm proud
Had a great time bein' one
There's your school and my school and both of us in high school
Surfboards, cigarettes, homework, Southern Comfort
Boy's dean was real mean
Made us keep our locker's clean
Failed nearly every class
Ditchin' was a gas
I'm proud
To be a young American
I'm proud, just think about it
All the far out things that we've begun
There's revolution, constitution, land, sea, and air pollution
Cold wars, hot wars, gas wars, and confrontations
Constipation, consternation, open hearted palpitations
Muscular Dystrophy
I'm proud to be an American
Because we got department stores
Full of cheap guitars
But when Sputnik plays 'em, you just go go go go
I'm proud to be an American--we got two chickens in every garage
And I wish every other kid could be one--in my country
The medium is the massage
'Cause it's impossible to give
Equality and justice to inferior foreigners
Too jealous to trust us

Gimme your weak and your homeless
How 'bout checkin' the oil ah, fella?
I'm proud to be an American

- **"Poland whole" / "Madam I'm Adam".**

Coming out of lead guitar and drums
Rest of the band comes heavy
Said come on, baby, oh god, oh shit
Black and white, yeah, polish sausages
In a bun, in the sun, it's hit and run

Hey man, like, like check this out
Man, really, I mean listen
I was counting the holes
In the acoustic tile ceiling, you know

Mumbling and fumbling
With them little buttons on my mattress
You know, that hold it together

So anyways my mind strays
And the tricks that my memory plays
Like fascination and abomination
On a biblical Broadway stage

Like dancers and singers
And a fully landscaped gospel group
And the harmony and whatever

And dinosaurs eating like veggie burgers
At the snack bar out front in the lobby, you know
So anyways on the same stage
Is me naked like an empty page

That's when I heard him
Like a director's voice with too much echo
I guess he was talking to yours truly
I mean me

Madam, that's Adam
Ain't no other woman, that's had I'm
He's stronger than a tree
That apple tree over there

Wealthy in his healthy way
Never works, he never plays
Sits around and cogitates
Right now, he's planting his garden

Like I had to hear that chorus twice
You know before I finally got the picture
I screamed, "I ain't Adam, I never seen the dude
And I ain't no virgin either"

So anyways it's really looking bad
Man, like that director's mean when he gets mad
Like, might wreck your career
With just one nod and like cripple

You, you know, for life that's a long time
My legs are shaking, my stomach's knotted
My mind has gone neurotic, I'd run if I could
But you can't hid from him

And besides that jerk took my shirt
And my trousers
So anyways in the depths of my despair
My co-star arrives, oh God, more beautiful than Cher

I screamed, "Make up, gimme the script
Please sing that chorus once more"

Madam, that's Adam
Ain't no other woman, that's Adam
He's stronger than a tree
And he's freshly molded from clay

Wealthy in his healthy way
Never works, he never plays
Sits around and cogitates
He's inventing the original sin now

Hey madam, that's Adam
Poland whole, all people what's cold

- "Young and Rich".

Young and rich
Everything I desire
Light bulbs with shades
in every room
And work is play--believe me
Nothing must come too hard
It comes in the mail
most everyday

I could respect a man who had it all
and he'd toss the ball away
I know I'm not that kind
I wouldn't mind to
have a chance thrown my way

Famous friends
Big parties for me
every night like tonight
Am I a fool to want it all

I could respect a man who had it all
and he'd toss the ball away
Because you know I'm not that kind
I wouldn't mind to
have a chance thrown my way

Young and rich
With everything I desire
Everything I need
in every room

With everything I desire
filling every room
Everything I need--and maybe
some more things I don't need, you know
filling every room
Everything I need
filling every room

- "Love will Keep us together".

[Bonus Track!]

Love love will keep us together
Think of me babe whenever
Some sweet talking guy comes along singing his song
Don't mess around,
You got to be strong
Just Stop, 'cause I really love You
Stop, I'll be thinking of you
Look in my heart and let love keep us together

You, you belong to me now
Ain't gonna set you free now
When those guys start hanging around talking me down
Hear with your heart and you won't hear a sound
Just stop, 'cause I really love you
Stop, I'll be thinking of you
Look in my heart and let love keep us together

Whatever young and beautiful
Someday your looks will be gone
When the others turn you off
Who'll be turning you on

I will, I will, I will, I will
Be there to share forever
Love will keep us together
Said it before and I'll say it again while others pretend
I'll need you now and I'll need you then
Stop 'cause I really love Ya
Stop I'll be thinking of Ya
Look in my heart and let love keep us together

"Now":

- "Smoke (La Vie en Fumér)".

Ask her for a dance
I think not

Does she want to talk
I doubt it
Guys and dolls are out trying to score
They smoke and toke and laugh and drink some more

Do they do it or don't they do it
You'll find out
Will you take one home with you
When the night is out
Satisfy that urge for fun
Then brush your teeth and grab a taxi home

It's a drag
It's a drag
I just found out the other day
It's a drag

Whole world is smokin'
I can't stop chokin'
It's how you do me
My future's burned to ashes
Love's gone out of fashion
It's how you do me

In a cloud of smoke
I see you
Some signals cross the room
As I watch you
Rings and puffs and streams are words I see
In a mentholated dream what can it mean

Do you need a light
I wonder
Do you even smoke
Should I offer
If I were you I'd try to get away
Your life is smoke and the world is my ashtray

It's a drag
It's a drag
I need a cigarette
Light up and take a big drag

Whole world is smokin'
I can't stop chokin'
It's how you do me
My future's burned to ashes
Love's gone out of fashion
It's how you do me

It's how you do me
And it goes right through me
When I'm eight miles high
And when you touch down
And when you touch down
If you want to
You can touch me

You can touch me

It's a drag

'Cause the whole world is chokin'
I can't stop smokin'
And it's how you do me
Your world is smoke
La vie en fumer

The world is chokin'
I can't stop smokin'
It's how you do me

Smokin'
Chokin'
It's how you do me

- **"Hit Parade".**

How good can it feel
To be on your hit parade
Can't say how real
It feels knowin' you got it made

You ask me to tell you again

I've said it before
And it feels real good
It should
On your hit parade

Now here's the story
When two lovers meet with great expectations
But one of them seems shy
The other one leaps with no hesitation
She wants it but she don't know why
On the other hand if you're living alone
And you think that it makes it
Why must you go out every night
Is the hit parade so close you swear you can taste it
Just forget it you won't get a bite

How good can it feel
To be on your hit parade
Can't say how real it feels
Knowin' you got it made
Got it made

We'll play that song once again
Oh, we played it so well

It feels
So real, so real

- **"Strung out on Strings".**

No one made me do these things I've done
I did it 'cause it seemed like fun
So don't waste your time with talk of other things
I'll only talk about my thing I have for strings

I got a 6-string Stella on Christmas day
And my mama bought it used so my dad could play
Well I picked it up and played a little Party Doll
I forgot about girls, I gave up baseball

But I never dreamed how far
I'd go with that guitar
Gave this fat boy wings
Strung out on strings

More than any Buddy Holly, Buddy Knox I idolized
In a 6-string rock dream rockabilly lullaby
I'll be playing with the Wailers soon
When I get myself a new guitar
Gonna earn that money
Workin' in a go-go bar

But I never dreamed how far
I'd go with that guitar
Gave this fat boy wings
Strung out on strings
Strung out

Well I made a few records before I made this one
And I made a little money
You know I hope it's only just begun
If I ever have a kid and he's a boy
Gonna tell him one thing
I'll say, "Buy yourself a marimba!
Don't let me catch you pickin' strings"

I never dreamed how far
I'd go with that guitar
Gave this fat boy wings
Strung out on strings
Just strung out

You'll never know
How far you'll go

- **"Golden Boy".**

He came to me
He was a young man
And he said he had everything I would need
I believed him

He couldn't fight
He couldn't even get a suntan
But when that pretty boy played the blues

You know I believed him

I didn't know
Neither did this blues boy
That it ain't far away from the first word you say
To the last one

And he didn't know
He didn't get the news boy
That it ain't far away from the first note you play
To the last one

He was the golden boy
Golden boy
Golden boy played the blues and made me cry
Golden boy
Golden boy
Pretty boy played so sweet and good and he had to die

He didn't drink much
He didn't smoke in bed
He stayed home with his drums
While the rest of us bums went to party

He wasn't perfect
He was a better man than me
When he withered and he died
I tried and I tried
But I still can't see

He was the golden boy
Golden boy
Golden boy played the blues and made me cry
Golden boy
Golden boy
Pretty boy played so sweet and good and he had to die

Golden boy
Golden boy
I will always wonder why
Golden boy
Golden boy
Golden boy had to die

Golden boy
Golden boy

- **"My Head is my only House (Unless it Rains) "**.

I'll let a train be my feet if it's too far to walk to you
If the train don't go there
I'll get a jet or a bus
I'm gonna find you
You're mine and I know I'll find you
My head is my only house
Until I find you
I'll walk the meadow plains
Water deserts by my eyes until I find you
I won't sleep until I find you
I won't eat until I've found you
Heart won't beat
Until I can wrap my arms around you
Heart won't beat
Until I've found you
My arms are just two things in the way until I can wrap them around you
You can make a sad song happy
And a bad world good
I can feel you out there movin'
You're mine and I know I'll find you
And my head is my only house unless it rains
I hate to let other people hear me sing this song
If it reaches you before I do
Follow this song to I love you
That's where you'll find me
That's where you'll find me
Heart won't beat
Until I can wrap my arms around you
Heart won't beat
Until I've found you
My head is my only house unless it rains

I hate to let other people hear me sing this song
If it reaches you before I do
Follow this song to I love you
That's where you'll find me

That's where you'll find me
Heart won't beat
Heart won't beat
Heart won't beat
Until I found you
And my head is my only house unless it rains

- "God-Bird-Change".

--- [Instr.!]

- "I'm just a Mess".

I'm searching for those party lights
Where everybody's having a good time
My baby said she'd hold me tight
And you know that this could be the right time

And I don't care what else
In the middle of your tenderness
I'm just a mess
Yeah, yeah yeah, yeah

It was a September night
The air was turning warm to cold
My baby said she'd hold me tight
The autumn brought the springtime home

And I don't care what else
In the middle of your tenderness
I'm just a mess
Yeah, yeah yeah, yeah

I like the way
You looked that day
When our love it was new
And if I saw you again
Somehow I'd just have to say
Sometimes you're just too plain to see
Then again, you're just like me
You had to say something
You waited so long
Here I am
I could be wrong

Stay with me baby, oh yeah
Stay with 'til morning comes
Stay with me baby, oh yeah
Stay with 'til the morning comes

I don't care what else
In the middle of your tenderness
I just confess
I guess you messed me up again
I just confess
I'm just a whoa whoa whoa, yeah, yeah yeah
I'm just a mess

- "Cathy's Clone".

How do you do
I see you're smiling
Do I look familiar
Do you know my name

Well here's some news
The person you think I am
Is not only similar
We are exactly the same

Oh yes, I reproduced myself
And I did it on my own
Let me introduce myself
I'm not Cathy
I'm Cathy's clone

Didn't need no lover
Spared myself the bother
And the personal hell
Of love's sad story
Didn't need no mother
Didn't need a father
Just a night alone in a laboratory

Oh yes, I reproduced myself

And I did it on my own
Let me introduce myself
I'm not Cathy
I'm Cathy's clone

Sometimes I get confused
Which one is being used
Who gets the final say
What's it matter anyway
Is it me
Or is it her
Will you ever
Know for sure
It's for sure
Anyway
It's the same
I think I'll go solo now
Wait a minute
That's not me

- **"This Town".**

This town
Is a lonely town
Not the only town
Like this town

This town
Is a make you town
Or a break you town
And bring you down
This town

This town
Is a quiet town
Or a riot town
Like this town

And this town
Is a love you town
Shove you down
And push you 'round town

Hey hey hey
Everybody oughta know

This town
Is an alright town
Or an uptight town
Like this town

And this town
Is a use you, a use you, a use you town
Abuse you town
And bring you down
This town

This town
Is a losin' town
It's a miserable town
It's a no where town
It's the pits
San Francisco
Hollywood
This town
Bye bye bye bye bye bye b-bye bye bye bye
So long
Bye-bye

- **"Pound of Flesh".**

He kicks sand in my face
Now I'm a disgrace
On the beach
I might not have his tan
I don't look half the man
But I'm easy to reach

Next time he works out at the gym
Check the difference between me and him

'Cause I'm your ninety pound weakling
With a pound of flesh
When you're hot as a sauna
try me and you're gonna

feel cool and refreshed
I'll make sure when you see me
you will get no rest
I'm a lover not a fighter
Won't you spend a one nighter
with my pound of flesh

When he looks in the mirror
It just brings him nearer to God
And whenever he flexes
he always expects us
to cheer and applaud

Although I look skinny and weak
I make up what I lack in physique

'Cause I'm your ninety pound weakling
With a pound of flesh
When you're hot as a sauna
try me and you're gonna
feel cool and refreshed
I'll make sure when you see me
you will get no rest
I'm a lover not a fighter
I'm hot
I'm burnin'

I'm a ninety pound weakling
With a pound of flesh
I'll make sure when you see me
you will get no rest
I'm a lover not a fighter
Won't you spend a one-nighter
with my pound of flesh

- **"You're no Fun".**

How many men can say they knew you
How many women tried it too
You've done your best to wreck my life
Kiss and smile and twist the knife

And I know you can't believe it
But you're no fun
You're no fun
You're no fun
You're just no fun

You're always in some kind of mood
Another foolish attitude
You say I'm loaded constantly
I think you're more messed up than me

I know you can't believe it
But you're no fun
You're no fun
You're no fun
You're just no fun

You're no fun
You're no fun
You're no fun
You're just no fun

"What Do You Want from Live":

[Live at The Hammersmith Odeon, London!]

II / 1-CD

- a) Up from the Deep,
 - b) Young and Rich,
 - c) Madam I'm Adam,
 - d) Mondo Bondage,
 - e) Up from the Deep,
 - f) White Punks on Dope.

- L **"Got yourself a Deal".**

There was a time
There was a place
When all the good things in life disappeared
Without a trace

Sat up in bed
Eyes open wide
Saw only one place left I could crawl
That was inside

You got yourself a deal
Beg, borrow, or steal
Baby, heart and soul
I don't want to get old
If you'll just let me rock and roll
Just let me rock

I got a shot
I got a chance
To make it real to real this time
It's our last dance

So many times
It's all gone wrong
And left me broken and burned down
But not for long

I won't give up
I never would
I just get quiet when it's bad
And scream when I'm feeling good

You got yourself a deal
Beg, borrow, or steal
Baby, heart and soul
I don't want to get old
If you'll just let me rock and roll
Just let me rock
'Til they roll away the stone
Let me rock
It's the only thing I know
Let me rock
Let me rock
Let me rock
Let me rock

I got a shot
It may not last
It never bothered me too much
Until you asked

Now that you asked
I'm feeling fine
Just put the pen in my hand
And show me where to sign

You got yourself a deal
Beg, borrow, or steal
Baby, heart and soul
I don't want to get old
If you'll just let me rock
Just let me rock
Just let me rock

Just let me rock
'Til they roll away the stone
Let me rock
It's the only thing I know
Let me rock
Just let me rock
Let me rock

- L **Show me a Reason.**

Oooooo the feeling's coming on to me at last
Every time I see your eyes my heart beats fast
I lie awake at night and think about our love
And nothing else just seems to move me quite enough

And won't you come over sometime
And give us a call
I'd be so happy to see you baby
No trouble at all

Give me a reason baby
I'll be right there
Give me a reason baby
I'll be right there

Let me hold your hand and show you it's all right
Your lady ship must be protected from the night
Then stirs the feeling indicating love
We're sent adrift on oceans sent from up above

And won't you come over sometime
And give us a call
I'd be so happy to see you baby
No trouble at all

Give me a reason baby
I'll be right there
Give me a reason baby
I'll be right there

Show me a reason baby
I'll be right there
Show me a reason baby
I'll be right there

"Remote Control":

- "Turn me on".

Turn me on 'cause I need it now
Turn me on 'cause I don't know how
Pick me up and shake me
Tune me in and take me
Lights are bright and the music's loud

Let me know what I need to know
Make me go where I want to go
Let me stand and wonder
Let me feel the thunder
See the lightning and the picture show

Put your hand on the power

Turn me on again and again
Say you're always gonna be my friend
Love me like you mean it
Make a mess and clean it
Don't you stop 'til I tell you when

Got a feeling something's taken hold
'Cause I'm flying by remote control
No misunderstanding
Before I make a landing
I'll lose my mind and I'll trade my soul

Put your hand on the power

When I look you in the eye
Then it's everything I need
Let me look you in the eye
'til the spell comes over me

Turn me on
Making the colors bright
Turn me on
Making it go all night
Turn me on
Giving me louder sound
Turn me on
Making it spin around
Turn me on
Sing and dance for me
Turn me on
Keeping me company

Turn me on
Making it fast and hot
Turn me on
Give me a different shot

Put your hand on the power

Turn me on
Making the colors bright
Turn me on
Making it go all night
Turn me on
Giving me louder sound
Turn me on
Making it spin around
Turn me on
Sing and dance for me
Turn me on
Keeping me company
Turn me on
Making it fast and hot
Turn me on
Give me a different shot

Put your hand on the power
Why don't you turn me on

- **"TV is King".**

I wish I was the man with the mechanical heart
I'd conquer all my enemies alone
I'd tear the guys apart
Then scatter the pieces

I wish I was the man in the soundproof booth
I wish I had a chance to stump the band
Or maybe tell truth
And maybe I could win a color television

I really love my--television
I love to sit by--television
Can't live without my--television

Tv is king
You're my everything

I wish I had the girl with the bouncy hair
We'd ride off in a brand new car
Or fly a plane somewhere
Like probably Jamaica

I brush my teeth, shampoo my hair, and shave my face
Apply the necessary aerosol
In the appropriate place
And we'll spend the night together watching television

I can't turn off my--television
Don't really know why--television
I understand my--television

You got your works in a drawer and your colors on track
You have to break away but you always come back
You make a hundred changes but you're always the same
You make me so excited and you make me so lame
You're just a tube full of gas and a box full of tin
But you show me your charms and I want to jump in
Oh if only your chassis was covered with skin
Cause tv you're my everything

I really love my--television
I love to sit by--television
Can't live without my--television
I can't turn off my--television
Don't really know why--television
I understand my--television
I really love my--television

Tv is king
You're my everything
Tv is king

- **"Prime Time".**

Come fly with me
What are you waiting for

Come fly with me
Don't waste a minute more

I'll give you my prime time
I'm saving my prime time for you
Give you my prime time
I'm saving my prime time for you

I'm waiting here
For no one else but you
Come closer dear
That's all you have to do

I'll give you my prime time
I'm saving my prime time for you
Give you my prime time
I'm saving my prime time for you

Don't be shy
I would never hurt you
I have had my eye on you
for such a long, long time

You know I'm always here
if you should need me
If you want a drink or two
I'm the one you should see

Go anywhere
Still you can call on me
And I'll be there
Just say the word and see

I'll give you my prime time
I'm saving my prime time for you
Give you my prime time
I'm saving my prime time for you

I've waited here
for no one else but you
Come closer dear
That's all you have to do

I'll give you my prime time
I'm saving my prime time for you
Give you my prime time
I'm saving my prime time for you

- **"I Want it all now".**

What's on the other side of the wall
Seems like my world has gotten so small
Where are the friends who don't ever call
Is there an answer to these questions at all

When will they come and open the door
I can't hold out anymore
I just can't wait to have it all now

Just take it one thing at a time
(I want it all now)
You'll have to learn to wait in line
(I'll get it some way, somehow)
I want it all now
(All now)

I saw somebody get married today
Saw people crying as they drove away
Old ladies laughing and children at play
I ask for love, but they don't hear what I say

I want to feel what everyone feels
What will tomorrow reveal
I just can't wait to have it all now

Just take it one thing at a time
(I want it all now)
You'll have to learn to wait in line
(I'll get it some way, somehow)
I want it all now
(All now)

What is it like to kiss a real girl
To think you're in love and get married to her
Have lots of children and grow fat and old

And die like a fish on the end of a pole

Walking down the main street, looking at the people
Shopping at the market place, standing on the corner
Praying in the temple, dancing at the disco
Working at the factory, party on the weekend

I just can't wait to have it all now
(I want it all now)

I just can't wait to have it all now
(Just take it one thing at a time)
I want it all now
(You'll have to learn to wait in line)
I'll get it some way, somehow
(I want it all now)
All now
...

- **"No Way out"**.

There is no way out
I am stuck here behind the window
Tangled in the wires and burned by electricity
And theres no place left to go for me
And theres no way out for me

No way out, no way out for me

I try to get to my feet
Feels like Im glued to my seat
I try to crawl through the door
Feels like Im nailed to the floor

No way out for me
No way out, there is no way out for me
Stranded in the great vast wasteland of my tv
And theres no place left to go for me
And theres no way out for me

Somehow I dont feel the same
I cant remember my name
If there was only a chance
To struggle out of this trance

No way out for me
No way out, there is no way out for me

No way out
I am stuck here behind the window

No way out for me
No way out, there is no way out for me
There is no way out for me
And theres no way out for me

- **"Getoverture"**.

----- [Instr.!]

- **"No Mercy"**.

Well it's a shame when you got nobody
And it's a drag when you got no friends
But it's a worse when you get no mercy
And you're startin' all over again

And back in my own world
Nobody bugs me
But down on the shop floor
They show me no mercy

I've been down to the railway station
I've been over to the taxi stand
I've been standing in the lobby of the Hyatt Hotel
But I've never seen a helpin' hand

I'm lookin' for someone
Not out to get me
I'm keepin' my guard up
Expectin' no mercy

No mercy
No pity
There's no mercy for me

No sympathy

They say it's just like a gentle rainfall
But it ain't never rained on me
And back in my own world
Nobody bugs me
But down on the shop floor
They show me no mercy

No mercy
No pity
There's no mercy for me
No sympathy

- **"Only the Strong Survive".**

When you're always chasing rainbows
And you might not know which way the wind blows
You say, your lucky day is comin'
Until that day you're just slummin'

So you wait and you wait but the signal don't change
Watching TV daily there is no sign
You read your horoscope
But ah, it would appear there is no hope

So what? Who cares?
Gotta put a handle on your fear
A man comes and a man goes
And he always leaves alone

Only the strong survive
You better wake up from that fantasy, yeah
It's time to open your eyes
Don't be afraid to see what you might see, yeah

The years roll by and the you're feeling cheated
And you fight back hard but you know you're defeated
They let your hair grow, get a sports car
But you know, you won't go so far

It's too bad, it's real sad
You lost the best thing you ever had
You had some hope, you had the youth
And now you'll never know the truth

Only the strong survive
You better wake up from that fantasy, yeah
I think it's time to open your eyes
Don't be afraid to see what you might see, yeah

Oh, only the strong survive
Don't ever let it get you down, down, down, down, yeah
Oh, I can't sympathize
If you expect to stick around, 'round, 'round, 'round, yeah

So what? Who cares?
Better put a handle on your fear
A man comes and a man goes
And he always leaves alone

Only the strong survive
You better wake up from that fantasy, yeah
I think it's time you opened your eyes
Don't be afraid to see what you might see, yeah

They say now, only the strong survive
Don't ever let it get you down, down, down, down, yeah
I think it's time to open your eyes
If you expect to stick around, 'round, 'round, 'round, yeah

Only, only strong survive
You better wake up from that fantasy, yeah
I think it's time that you opened your eyes
Don't be afraid to see what you might see, yeah

Only, only strong survive

- **"Be mine Tonight".**

Well the very first time that I saw you there
you know I couldn't believe my eyes
I thought I was the winner of the Price is Right
and they let me keep every prize

I've never been famous as a ladies man
I'm not known as a crazy guy
In fact I've never made the papers over nothin' at all
I think it's time somebody gave me a try

Baby, be mine tonight
and this ol' world will turn out alright
Just to find you took a whole lifetime
I could lose you in a minute's time
Be mine tonight baby, be mine tonight
Be mine tonight baby, be mine tonight

I don't know if you've ever been in love before,
but I think this is my very first time
I wish someone could tell me what my next move is
I'm afraid I'm falling way behind

I know you've been around about as much as I have
When the lights go out we'll see
You can further your education all your life
Honey, just don't make a fool out of me

Baby, be mine tonight
and this ol' world will turn out alright
Just to find you took a whole lifetime
I could lose you in a minute's time
Be mine tonight baby, be mine tonight
Be mine tonight baby, be mine tonight

I've been left alone
I've been on the streets so long
I feel like I'm falling
or sinking in quicksand
Throw me out a line
Be a special friend of mine
I would love to take you home,
if I only had a home

Baby, be mine tonight
and this ol' world will turn out alright
Just to find you took a whole lifetime
I could lose you in a minute's time
Be mine tonight baby, be mine tonight
Be mine tonight baby, be mine tonight

- "Love's a Mystery (I don't Understand)".

Real, almost real
I could feel the life flow into my veins
Done, now it's done
I have fallen for the final time, I can't get up again

Love's a mystery, I don't understand
Love's supposed to make you glad
Tell me why I feel so bad
Love's a mystery, I don't understand
I won't see you anymore
And if that's what love is for, then I don't understand

Free, now you're free
You don't need me and you don't want what I give
Baby, here is my heart, please, help me please
'Cause if life is made for hearts in love then how am I to live

Love's a mystery, I don't understand
It's so hard to be alone
When the one you love is gone
Love's a mystery, I don't understand
You won't stay another day
And if that's all you can say, then I don't understand

Love's a mystery, I don't understand
I won't see you anymore
And if that's what love is for, then I don't understand

- Don't Ask me. [Bonus Track!]
- Holy War. [Bonus Track!]

- **Drivin' all Night.** [Bonus Track!]

In the southern sea, a typhoon has already formed.
The waves are a bit higher too.
Twilight.

These days, summer also feels like twilight.
Before you know it, tomorrow will be here.
Everyone has to go home.
Good bye.
Goodbye, Hayama, where we made a lot of noise all summer.

Our faces are tired and beat up.
We smile at each other's faces.
We pat each other's backs.
It's worse than that. Stop it.

Joke
Even jokes are a little lonely.
Tonight, until dawn, we'll dance until we're exhausted.

Every body, Dance! all right
Everyone dance! It's all right.

AD

Don't go, it's a season for love.
Dance! all night
Dance all night in Hayama.

The you I meet in the city is surely different.
Drinking too much tequila.
You with dangerous eyes.

Shall we go out and feel the wind a little?
Let's sneak away.
Even though I want to say something, I can't find the words.
Even when I embrace you on a moonlit night, it's still sad.
Everybody, Dance! all right
Everybody dance! It's all right.
I want to dream a little longer.
Dance! all night
Dance all night in Hayama.

Even if we return to the city, we'll change too.
Dance! all right
Tonight, dance! It's all right.
The two of us who meet in the city will surely change.
Dance! all night
Dance all night until morning.

"The Completion Backward Principle";

- "Talk to ya Later".

As I mentioned near the close of the last record
This record you are now playing is another example
Of the completion backward principal
If you can possibly manage the time
Please play both sides at one meeting

I met her on a strip
It was another lost weekend
The band was too slick
And the people were twisted

So I asked her for a date
She reluctantly agreed
Then we went to my place
And she never did leave

She won't even miss me when she's gone
That's okay with me, I'll cry later on

It's been six months
She hasn't shut up once
I've tried to explain
She's driving me insane

She won't even miss me when she's gone
That's okay with me, I'll cry later on

I'll talk to ya later, don't want to hear it again tonight
I'll talk to ya later, just save it for another guy
I'll talk to ya later, don't want to hear it again tonight
I'll just see you around

Get out

I'm telling you now
Do you catch my drift?
What could be plainer than this

Nothin' more to be said
Write me a letter instead
I don't mean to be cruel
But I'm finished with you

She won't even miss me when she's gone
That's okay with me I'll cry later on

I'll talk to ya later, don't want to hear it again tonight
I'll talk to ya later, just save it for another guy
I'll talk to ya later, don't want to hear it again tonight
I'll just see you around

I'll talk to ya later, don't want to hear it again tonight
I'll talk to ya later, just save it for another guy
I'll talk to ya later, don't want to hear it again tonight
I'll just see you around

I'll have a talk to ya later, don't want to hear it again tonight
I'll talk to ya later, just save it, save it for another guy

- "Sushi Girl".

Skating down in Shinjuku
When I smelled love in the air
Strolling by the pagoda
The fragrance flows from somewhere

Will my Suki find me in time
Or will her sushi spawn?
The odor drives me out of my mind
The scent goes straight to my prawn

Su su sushi, mushi, mushi
Cherry blossoms and rice
Su su sushi, she's so nice

Recklessly, I order away
This one thinks it's still swimming
Tail and fin, she dives right in
Who could ever want more?

Su su sushi, mushi, mushi
Cherry blossoms and rice
Su su sushi, she's so nice

Su su sushi, don'tcha cry
Take you to the sushi bar
And buy ya some fillet and claw
Clam and tuna, gonna eat it raw

She's my my abaluna, suck a tentacle
Dip it in sauce, hot green root, it sure is boss
My only advice is to slice it nice
And wrap it in rice, oh, what a device

Su su sushi, mushi, mushi
Cherry blossoms and rice
Su su sushi, she's so nice

Su su sushi, she go mushi
Cherry blossoms and rice
Su su sushi

Su su sushi, she go mushi
Cherry blossoms and rice
Su su sushi

- "Amnesia".

It seems we stood and talked
Like this before
Why can't I remember
Did we share something more

I must have loved you
Once upon a time
Amnesia has come
And clouded my mind

Was there a fire burning

Or were there tears
Did I ever whisper
Words of love in your ear

I can't go on
Not knowing my own name
I only have
This curse of love to blame

What have I done to deserve this
Can't find my love if I can't find myself
I'm imprisoned by amnesia
And I can't break the spell

The love of days gone past
Is haunting me
Your face looks so familiar
Who can you be

This is the price
That I have to pay
That's why I cry
Cry out for yesterday

What have I done to deserve this
Can't find my love if I can't find myself
I'm imprisoned by amnesia
And I can't break the spell

It seems we stood and talked
Like this before
Why can't I remember
Did we share something more

I must have loved you
Once upon a time
Amnesia has come
And clouded my mind

What have I done to deserve this
Can't find my love if I can't find myself
I'm imprisoned by amnesia
And I can't break the spell

- **"Mr. Hate".**

I must admit I was a bit confused
I saw my picture in the morning news
He said my sister's dead, my mom is too
He said I killed them, but it's not true
Nothing's real, nothing's certain
But when I read your words, it just starts hurting

Everybody's trying to convict me
For taking Benzedrine and LSD
But that's all ancient history
And it's just between God and me
I hate rock 'n' roll, don't smoke pot
Maybe a drunk, but a user I'm not

This is a warning from my own hands
Never corner a frightened man
I might kill somebody trying to escape
You better listen to Mr. Hate

I can't believe the things my school friends said
Sometimes I think I wish that they were dead
I get so mad that I just see red
Then something blows apart inside my head
It's all erroneous information
I've gotta make a little clarification

This is a warning from my own hands
Never corner a frightened man
I might kill somebody trying to escape
You better listen to Mr. Hate

I'm not gonna wash your dishes anymore
I'm not gonna fry your burgers, I don't need it
You never understood me anyway
You'll never catch me, I won't give up

This is a warning from my own hands
Never corner a frightened man
I might kill somebody trying to escape

You better listen to Mr. Hate

You better listen to Mr. Hate

You better listen to Mr. Hate

You better listen to Mr. Hate

You better listen to Mr. Hate

- **"Attack of the 50 Foot Woman".**

It was a normal date with my girlfriend Sue
Blond hair, blue eyes, and five-foot-two
The night was cold, the stars were bright
From over her shoulder came a strange light

We parked the car down at Three-Mile Point
The top was down, we were really going
I heard her cry, the reactor flared
She grew and grew, I freaked and stared

Attack of the fifty-foot woman
Our love was at an end
All she did to get her kicks
Was step on all the men

I had to run just to save my skin
She scooped me up, I could not win
My God, I screamed, to my distress
Got a fifty foot woman in a five-foot dress

Attack of the fifty-foot woman
Our love was at an end
All she did to get her kicks
Was step on all the men

Attack of the fifty-foot woman
Our love was at an end
All she did to get her kicks
Was step on all the men

Look out here she comes
The biggest pair on earth
So scared I gotta go with her

The National Guard couldn't shoot her down
Before she left she really trashed our town
She left me there, though I tried and tried
A fifty foot woman's never satisfied

Attack of the fifty-foot woman
Our love was at an end
All she did to get her kicks
Was step on all the men

- **"Think about me".**

Passing in the street, two total strangers meet
keep short and sweet, no obligations
You belong to me, temporarily
you're a memory, I got to face it

Won't you remember to think about me
will you think about me

Got no time to rest, can't even catch my breath
Now that the moment's past, there us just tomorrow
No time to look back, to the love affair we had
we knew it wouldn't last, I got to go now

Won't you remember to think about me
will you think about me

I know you'll never call, or write me little notes
or take your shirts to clean, you'll forget about me
Think about me

We will hit or miss, get the feelings when we kiss
lovers leap like this, it's now or never
Maybe we'll meet again
Or maybe we'll just pretend that show it's always been
Love's not forever

Won't you remember to think about me
will you think about me

- **"A Matter of Pride".**

Hey baby
You don't care
You don't share
You won't make believe

You won't tell me things
I got to know
I got to know
I want it now
Don't you understand

When you love somebody
You must look into her eyes
When you love somebody
You have pride

You say you love me but you know it's a lie
I have to trust you it's a matter of pride

Hey baby,
I just can't take it
You make me mad
Tell me how you really feel
I want to know bad

When you love somebody
You must look into her eyes
When you love somebody
You have pride

Call me baby, call me on the telephone
Tell me baby, tell me that you want me home
Give me a minute, I'll be there right away
Tell me baby, are those the right words to say

I got to find out if this love is really real
Don't kid me baby, I got to know how you feel
I want to wind up in the right place with you
I gotta find out if it's for me you do what you do

You say you love me but you know it's a lie
I have to trust you it's a matter of pride

When you love somebody
You must look into her eyes
It's a matter of pride
Love somebody

- **"Don't Want to Wait anymore".**

We, could be
The last two on earth
To start a new world

Just you and me, girl
Try, and you can almost see
How it could be, just you and me

Lost, trapped in the freezing cold
Barely alive
Have to make love to survive

I'll show you how it's done
We'll take it as it comes
A rocket to the sun

I don't want to wait anymore
I just don't think I have the strength
The strength to carry on

Oh, I don't want to wait anymore
I've waited so long
I forgot what I'm waiting for

Stranded on a desert isle
With no one around
For thousands of miles

Imagine any place
This is what it takes
But don't tell me to wait

I don't want to wait anymore
I just don't think I have the strength

The strength to carry on

Oh, I don't want to wait anymore
I've waited so long
I forgot what I'm waiting for

I don't want to wait anymore
I just don't think I have the strength
The strength to carry on

Oh, I don't want to wait anymore
I've waited so long
I forgot what I'm waiting for

And I don't want to wait anymore
I just don't think I have the strength
I just don't think I have the strength to carry on

Oh, I don't want to wait anymore
I just don't think I have the strength
I don't want to wait anymore
I just don't think I have the strength

- **"Power Tools"**.

Power to lie, power to buy.
I got my edges sharp.
I'm gonna find a mark.
Nobody better ask me why.
I only know I'm gonna try.

Chorus:
Power tools.
I can't loose.
In my head.
Power!

It's all part of the plan, of the ambitious man.
I'll do whatever I can, just so you'll understand.
First I'll even up the score.
Then, I'll leave them wanting more.

[Chorus]

Standing by the window seems so real to me,
buy yourself some power to make in the street.
Some people buy powder, some people buy booze,
some people use a chainsaw. Which tool is right for you.

[Chorus]

Change the storyline, just to schedule my time.
I got things to use, gonna cut me a groove.
Making it high and wide, planning on brand new style.
[Chorus]

- **"Let's Make some Noise"**.

There you sit, waiting for someone
But is that perfect stranger gonna come?
It's a lonely world out there when you're all alone

Let's make some noise
(Let's make some noise)
Let's make noise tonight, tonight
Let's make some noise

Cut through your walls, don't act so dumb
We ain't gonna quit 'til we have some fun
You and I could make that party scene

Let's make some noise
(Let's make some noise)
Let's make noise tonight, tonight
Let's make some noise

Let's make some noise
Let's make some noise
Let's make some noise

Let's make some noise
Let's make some noise
Let's make some noise
Let's make some noise

Let's make some noise
(Let's make some noise)
Let's make noise tonight, tonight
Let's make some noise
(Let's make some noise)

Let's make noise tonight
Let's make some noise
(Let's make some noise)
Let's make noise tonight, tonight

Let's make some noise
(Let's make some noise)
Let's make noise tonight

Let's make some noise
Let's make some noise
Let's make some noise

Let's make some noise
(Let's make some noise)
Let's make noise tonight, tonight

Let's make some noise
(Let's make some noise)
Let's make noise tonight
Let's make noise tonight, tonight

Temptation, frustration,
It's getting hard to understand
Inflation, stagnation,
Problems surrounding modern man

Big city, no pity,
It's just a thing you can't erase
She's pretty, so witty
If only you could see her face

She's got you dancin' on a dime
She's got you runnin' 'til you're blind

Gonna get it next time

Statistics, logistics
They never tell you what to feel
The big fix, the cheap tricks
They never tell you what is real

You keep on hoping that you'll find
A way to ease your troubled mind

Your modern problems very real

Suspicion, ambition
You go on livin' day to day
Position, condition
There's got to be a better way

She's got you dancin' on a dime
She's got you runnin' 'til you're blind

They never tell you what to feel

Your modern problems very real

Illusion, confusion
It's hard to know what to believe
Solution, pollution
It's such a tangled web we weave

You keep on hoping that you'll find
A way to ease your troubled mind
There's always somebody else in line

Gonna get it next time

"Outside Inside":

- "She's a Beauty".

Step right up, and don't be shy
Because you will not believe your eyes
She's right here, behind the glass
You're gonna like her 'cause she's got class

You can look inside another world
You get to talk to a pretty girl
She's everything you dream about

But don't fall in love
She's a beauty
(She's one in a million girls)
She's a beauty
(Why would I lie)
Why would I lie

You can say anything you like
But you can't touch the merchandise
She'll give you every penny's worth
But it will cost you a dollar first

You can step outside your little world
(Step outside your world)
You can talk to a pretty girl
She's everything you dream about

But don't fall in love
'Cause if you do you find out
She don't love you
(She's one in a million girls)
One in a million girl
(Why would I lie)
Now why would I lie, oh

Step outside your world

But don't fall in love
She's a beauty
(She's one in a million girls)
One in a million girl
(Why would I lie)
Now why would I lie

But don't fall in love
'Cause if you do you find out
She don't love you
(She's one in a million girls)
One in a million girl
(Why would I lie)
Why would I lie

But don't fall in love
She's one in a million girl

- "No not again".

Once you are burned, you are twice shy
That's a lesson that I'm still trying to learn
And it's one I forget as you walk by
I'm tempted to ask you to return

And like a fool I stand and wonder
Chance slips by me and the words just don't get out, no

No not again
No not again
No, no, no not again
Not again, no, no, no, no no

I wander around on the sidewalk
Half hoping that we will happen to meet
For maybe a drink and some small talk
Maybe dinner at a little place down the street

And then I see you with another
I won't ever make the same mistake again, no

No not again No not again
No, no, no not again
Oh no not again
No, no

Never say you're sorry
'Cause nobody ever cares
Spend some money on something funny

or go anywhere
No not again
No not again
No, no, no not again
Oh no not again
No, no

No not again
No not again
No, no, not again
Oh no not again
Oh no not again
No, not again

- **"Out of the Business".**

Hey Buddy, how 'bout a smoke?
I'm down on my luck.
At the end of my rope, I feel pretty rough.
I just got the sack, take a number please.
I'm never looking back.
I'm out on the street.
I started, down in the dump,
Thought I paid my dues,
But I was first when they had
The bad news.
I always dreamed of walking out.
Punch that guy right in the mouth,
But I never had the guts.
Now I know I got the stuff.
There's no mistaking it now

[Chorus]
I'm out of the business
Out of the business
Into rock and roll.

All right, 'bout time,
Stuffed shirts where the sun don't shine,
Late nights, long days,
I don't need the white collar race.
Who wants a gray flannel suit?
I'll throw in a tie,
Or some Italian boots? It's all right in style.
I've had it up to here, with three button whores.
I don't regret that I'm
Walking out the door.

[Chorus]

- **"The Monkey Time".**

Now there's a place right across town
Whenever you're ready
Where the people gather 'round
Whenever they're ready

And then the music begins to play
You feel a groove comin' on its way
Are you ready? Yes I'm ready
You get yours, I got mine
For the monkey time, monkey time

Now this dance that the people do
Don't know how it started
All I know is when the beat brings the feel
it's hard to get parted

And then the music begins to play
And automatically you're on your way
Are you ready? Yes I'm ready
You get yours, I got mine
For the monkey time, monkey time

Do the monkey, yeah
Do the monkey, yeah
Do the monkey, yeah, yeah
Do the monkey, yeah, yeah

Twist them hips
Let your backbone slip
Now move your feet
Get on the beat

Are you ready? Yes I'm ready
Are you ready? Yes I'm ready
Are you ready? Yes I'm ready
You get yours, I got mine
For the monkey time

Are you ready? Yes I'm ready
Are you ready? Yes I'm ready
Are you ready? Yes I'm ready
You get yours, I got mine

Say Fee, yes partner
Are you ready tonight? I'm ready
You're ready for what, man?
I'm ready to do the monkey, baby

You ready for my monkey?
I'm ready and my monkey's ready
Your monkey?
Ooo, you'd better put that baby on a chain

My monkey know what he talkin' about
And he's gonna jump all over you
Now stop it Fee
I don't wanna hear about it no more

Want a whole lot o' love tonight
Treat your monkey right
Want a whole lot o' love tonight
Monkey time tonight

Want a whole lot o' love tonight
Treat your monkey right
Want a whole lot o' love tonight
Monkey time tonight

- "Glass House".

Standing here
Stripped to the bone
Every line on my face
Is cut out of stone

I'm a man in a glass house tonight
And I only want to treat you right
I love, I love you true
I love, I love you true

You say you want to go
And find some new thrills
Hey baby you'll know
You got to climb that hill

I'm a man in a glass house tonight
And I only want to treat you right
I love, I love you true
I love, I love you true

I know that there will be better days
If we're together then it must be that way
Stay with me a little bit longer
We'll both be happy and a whole lot stronger

Our love, our love, our love
Baby, maybe we should feel the same way

Hey baby don't go
In a little more time

I'll make you know
What's good for your kind

I'm a man in a glass house tonight
And I only want to treat you right
I love, I love you true
I love, I love you true

- **"Wild Women of Wongo".**

From the foggy woggy banks of the Limpopo river
There come the sounds of female ecstasy, I shiver
Wet and wanton their cries caress my swollen ears
With building fears of this forgotten land of years

Visions of furious fire-goddesses wielding blunt spits
Figments of erotic escapades with all branches of the armed forces
Surrounding, abounding they stoop to conquer
With sighs and anxious whispers in a slow, steady rhythm

Wongo
Wild women of Wongo
How does their song go?
Makin' me want more
Wild women!

Wongo
No man can say no
Wild women of Wongo
How does their song go?
Like this

On the dank, steaming shores of Wongo
It's black sand beaches so bongo
Patterned with leech ridden creatures
Bodies branded with cicatrix features
That once screeched through the heart of the Congo

Stacked and berserk, they tower and flail all about
Wailing sounds in tongues only ancient
Insects would understand or figure out
Wild, willing, wenches strutting and struggling as they yank hanks of hair
Rooting and rutting in heat as the earth heaves beneath their feet

Wongo
Wild women of Wongo
How does their song go?
Makin' me want more
Wild women!

Wongo
No man can say no
Wild women of Wongo
How does their song go?
Like this

And so on and on the lores of Wongo go
Throughout the sands of time
Singing their song of love so rare
To only the chosen ones who dare

The course of events, time after time
The tradition remains the same
A bloodcurdling scream, one of pure ecstasy, rings out
And then it came, the ultimate sacrifice

Their wasp waisted figures twitch and twine
Their sting is lethal and I know I'm in for mine
How can I resist this onslaught of love
From over, from under, from behind and above
I wish I could be their Wongo King, if only I knew the song to sing

Wongo
Wild women of Wongo
How does their song go?
Makin' me want more
Wild women!

Wongo
No man can say no
Wild women of Wongo
How does their song go?
Like this

- **"Tip of my Tongue".**

You somehow knew we'd meet again
Now I understand
If I look surprised don't be alarmed
I've got you, in my arms

I can almost taste it, and when I can
I won't waste the chance
Just a lick away
Oh, so close
And baby there's one thing I know

My heart speaks but the words play
On the tip of my tongue
And no matter what my lips say
You are still the only one

Never been too cunning, I'm no linguist
But I can tell you this
Ever since I left you I've been lost
I'm walking in a fog

We can lick this problem
We can work it out
Don't be impatient, and don't you run
'Cause I want you on the tip of my

My heart speaks but the words play
On the tip of my tongue
And no matter what my lips say
You are still the only one

I can't find the words
My lips are on their own
And my speech is slurred
Can't even talk on the telephone

I'll take a tip from you
You say my French is pretty good
So that's what I'll use
If I could

My heart speaks but the words play
On the tip of my tongue
And no matter what my lips say
You are still the only one

My heart speaks but the words play
On the tip of my tongue
And no matter what my lips say
You are still the only one

My heart speaks but the words play
On the tip of my tongue
And no matter what my lips say
You are still the only one

- **"Fantastic Delusion".**

Look around tell me what you see
The sky is blue and the trees are green
But what you see isn't what it seems
It's all part of a cruel scheme

Look closer, you can see the flaws
The holes in the floor and cracks in the walls
That gleam in your eye isn't there at all
It's painted on like a face of a doll

So it begins, fantastic delusion
Time and again, time and again

I see you dancin' as they pull the string
And droolin' when that dinner bell rings
Don't you wish you could stop wishin'
You're not even listenin'

And if what I say is the truth
If the trees aren't green and the sky's not blue
Then I'm not really losin' you
One thing for sure, I'm real confused

So it begins, fantastic delusion
Time and again, time and again

Shuffling back and forth all day
Most people never notice
But I'm not crazy and I know what I say
It's all hocus-pocus

Don't you wish you could stop wishin'
You're not even listenin'
One thing for sure it's real confusin'
Fantastic delusion

- **"Drums".**

Drums, drums, drums.
Beat, beat, beat.
Drum beat, beat drum.
Drums, yeah! Duga, duga, duga, cha...
Beat, yo! Give me the drums.
Go man, go man.
Beat, beat, drums, drums, yeah, yeah, yea!
Duga, duga, duga, uh.
Let there be drums... now!

- **"Theme Park".**

I'm goin' to the theme park
Lookin' for a thrill
Gonna stay 'til they close it
'Til I get my fill
Spinning on a Tilt-A-Whirl
Nothin' like it in this world
Close your eyes and hold on tight
We can make it last all night

Can't wait 'til the summer starts
Goin' down to the theme park
Leave your cares in the parking lot
I lost my heart at the theme park
Can't wait 'til the summer starts
Leave your cares in the parking lot
Down at the theme park

I'm sliding down the Matterhorn
I'm falling through the floor
Flying on a fantasy
Everyone can find a dream
Gonna make you feel so fine
Take a ride on love tonight

Can't wait 'til the summer starts
Goin' down to the theme park
Leave your cares in the parking lot
I lost my heart at the theme park
Can't wait 'til the summer starts
Leave your cares in the parking lot
Down at the theme park

- **"Outside Lookin' Inside".**

I feel something special about that hit there
It's a hit, you play this and boom
I have rhythm, I just, yeah, automatically
It was there

After the last album, I said
If they don't put you on top of the platter on this one
Then what it's like
You're from the inside looking out there

I'm on the outside
Even though I'm right now I'm inside the tube
But I'm telling you how it is from the outside
Outside looking inside

Outside looking inside, outside looking inside
Outside looking inside, outside looking inside
Outside looking inside, outside looking inside
Outside looking inside

- When you're ready to come. [Bonus Track!]
- Keyboard Kids. [Bonus Track!]
- Satellite. [Bonus Track!]

- "Piece by Piece".

She looks good
 But she's not altogether right
 All her parts are not screwed on tight
 There's a touch of tragedy

When she moves
 you can see the secret showing through
 She'd deny it if she thought I knew
 But she could never lie to me

Anyone would think there's nothing wrong,
 she looks so satisfied
 But I've known about her much too long
 She can't conceal what she feels inside

I'm gonna show her that piece by piece, inch by inch
 I can put her back together again
 I'll supply the love she lacks
 And give her back exactly what she needs
 Bringin' it piece by piece

All I need
 to find a way around her defense
 is just a little common sense
 I don't have a strategy

I'll be there
 like I have so many other times
 She'll reveal to me a certain sign
 That only I can see

Anyone would think there's nothing wrong,
 she seems like she's complete
 But it's obvious it's been too long
 since she believed what she needs is me

I'm gonna show her that piece by piece, inch by inch
 I can put her back together again
 I'll supply the love she lacks
 and give her back exactly what she needs
 Bringin' it piece by piece

Anyone would think there's nothing wrong,
 but she's not fooling me
 Everybody wants to lead her on,
 but I believe what she needs is me what she needs me

I'm gonna show her that piece by piece, inch by inch
 I can put her back together again
 I'll supply the love she lacks
 and give her back exactly what she needs
 Bringin' it piece by piece

- "Stella".

I wake up screaming at the moon
 but Stella doesn't hear
 I howl so loud it shakes the room
 but it's like she wasn't there

The dream is repeating endlessly
 With always the same cast and scenery

Life goes on
 with one more song

Tell Stella I'm sorry
 and I promise I'll change my ways
 You gotta tell it to Stella
 I'll change today

I just could not help myself
 I was driven by the fire
 My only wrong I rode too long
 on A Streetcar Named Desire

But nothing can change the things I did
 I just can't explain what went through my head

Life goes by
 with one more cry

Tell Stella I'm sorry
and I promise I'll change my ways
You gotta tell it to Stella
I'll change today

- **"Come as you are".**

Would it be wrong of me
to interrupt your little fun
You always run away
if I've got something serious to say
But you belong to me
if you belong to anyone
And when I call you, you must come

Come as you are

It isn't everyday
I have to ask you to come out
I've never tied your hands
Just don't like to make demands
I've never needed you
the way I need to have you now
So when I call you, you must come

Come as you are

Don't you change a thing
Don't make a move
Only come as you are right now
I think I'm dying for your love

Come as you are

This is everything
I'd ever need
So won't you come as you are right now
Before I die without your love

Forever
Cryin' for your love
And maybe someday
You could be dyin' for my love

Just remember I'll always belong to you
If I belong to anyone
and if you need me I will come
So if I call you, you must come

Come as you are
Don't you change a thing
Don't make a move
Only come as you are right now
I think I'm dyin' for your love

This is everything I'd ever need
so won't you come as you are right now
before I die without your love
I think I'm dyin' for your love
Can't you see me cryin' for your love--come as you are
Dyin' for your love
Cryin' for your love--come as you are
Dyin' for your love
Can't you feel my love--come as you are
Don't you want my love
Can't you feel my love--come as you are
Feels like I'm dying without your love
Can't you feel my love--come as you are
Don't you want my love

- **"One good Reason".**

Just give me one good reason
I know somehow there's got to be one
I wasn't born every minute of everyday
I never feel this way

I fought hard to keep my freedom
But when I think of things that we've done
I get what I keep and I keep what I give away
Is this a good sign? I'm on a thin line

One good reason is all I need
Say the word and I'll cut you free

What was nothin' just yesterday
could be something that's here to stay
One good reason and I might go either way

Give me some indication
it's not my imagination
Something is born every minute of everyday
Something could come my way

I just need one good reason
to make me stay instead of leavin'
I never knew how to be any other way
Maybe there's still hope, I'm on a tight rope

One good reason is all I need
to take the heart that is tempting me
Make a move that can change your life
Never know if it's wrong or right
One good reason is all I need tonight

It just takes one good reason
My body sweats, my hands are freezin'
I don't make decisions like this every single day
What do I have to say

Just give me one good reason
Give me one good reason

One good reason is all I need
Say the word and I'll cut you free
What was nothing just yesterday
Could be something that's here to stay

One good reason is all I need
To take the heart that is tempting me
Make a move that can change your life
Never know if it's wrong or right

One good reason is all I need tonight
Just give me one good reason

- **"Love Bomb"** .

I'll be your lover
We can discover a brave new world
Like cupid's warrior
I will destroy your sorrow girl
Don't resist me
There ain't no love defense department
Once you kiss me
There'll be a meltdown of your heart

Lover, lover you don't need another
Just duck and cover
We detonated and then we really made it
In the mist we faded

Kiss, kiss, boom, boom
Bang, zoom to the moon

Love bomb-you are the target
Love bomb-of my thermal romantic device
Love bomb-I aim to get you
Love bomb--'cause I'm deadly but I'm so nice

Lover, lover you don't need another
Just duck and cover
We detonated and then we really made it
In the mist we faded

10, 9, 8, 7, all good lovers go to heaven
Bombs away
6, 5, 4, 3, 2, 1, how I learn to love the love bomb

Kiss, kiss, boom, boom
Kiss, kiss, boom, boom
Kiss, kiss, boom, boom
Bang, zoom to the moon

Love bomb-I'll be your lover
Love bomb-Come and discover a brave new world
Love bomb-Like cupid's warrior
Love bomb-I will destroy your sorrow girl
Love bomb-Early warning
Love bomb-You told me to strike before the dawn
Love bomb-Atomic morning
Love bomb-D-Day has come for the love bomb

Lover, lover you don't need another
Just duck and cover
We detonated and then we really made it
In the mist we faded

10, 9, 8, 7, all good lovers go to heaven
Bombs away
6, 5, 4, 3, 2, 1, how I learn to love the love bomb

- **"Night People".**

Night people--they're my friends
Night people--don't want the night to end
Night people--hide from the sun
Night people--are gone when the morning comes

Night people--come to the night
Night people--come to the light
Night people--just like me and you
Night people--are you a night person too

Night people--what are they on
Night people--trying to find someone
Night people--we close our eyes
Night people--and dream of an endless night

Night people--come to the night
Night people--come to the light
Night people--just like me and you
Night people--are you a night person too

Night people--here we come
Night people--the night is still young

- **"Eyes".**

On the beach,
In the Sand,
Moves the vision that a guy could understand.

In the car,
in the house,
I feel her movin and I want to check it out.

All my life, she's my girl
In my dreams, she's my world.
Take this heart I give tonight,
Take this love...make it right.
And when she lifts the shdes to paradise...

Baby's eyes are makin' me ready (baby I'm ready)
She's too hot for me to belive (she's too hot, she's too hot whoo)
When she walks, I've got to hang steady (hang hang steady)
Love my baby, Little Cheri...whoo.

Talk about her, paint a picture,
Should I deluge myself with this mystery.
Love that girl, she loves her man,
I belive I'm at the point of no return.

All day long, i can't wait,
Right or wrong, It's too late.
Does she want all of me?
Does she see what I see?
And when she lifts the shdes to paradise...

Baby's eyes are makin' me ready (baby I'm ready)
She's too hot for me to believe (she's too hot, she's too hot whoo)
When she walks, I've got to hang steady (hang hang steady)
Love my baby, Little Cheri...who.

Don't cha know I feel kinda shy (shy),
If you knew her, I'd think you'd know why (why),
Beside her, beside her I'm OK,
All the finer things ever made that way???

All my life, she's my girl
In my dreams, she's my world.
Take this heart I give tonight,
Take this love...make it right.
And when she lifts the shades to paradise...

Baby's eyes are makin' me ready (baby I'm ready)
She's too hot for me to believe (she's too hot, she's too hot whoo)
When she walks, I've got to hang steady (hang hang steady)
Love my baby, Little Cheri...who.

- **"For a Song".**

What good is money unless it brings
That certain something for the girl who's got everything?
Here is an item, you can't pass by
Won't even cost you one thin dime

I won't give up until you own me
Lock me up and throw away the key
Precious possession, your private property
The price is right

So won't you buy me for a song?
You can have me for a song

Just for a minute stand in my place
You'll understand what I want you to say
Give me a whisper or give a shout
Tune me in, I'll work it out

I'll never break down, I'm maintenance free
And I come with a lifetime guarantee
You just can't pass up this opportunity
Don't hesitate

'Cause if you want me for a song
You can have me for a song

I belong to you hand in hand together
I belong to you love into forever
You're the only song I need
So let your heart sing, sing for me

I Love it, baby, baby, baby

If you're serious then you can sample me
I'm nearly yours but you know nothing comes for free
You don't need money, you have security
I'm sure you got one somewhere

You can keep me for a song
You can have me for a song
You can have me for a song

You can have me for a song
(You can have me)
You can have me

Hey-hey-hey-hey-yeah
Hey-hey-hey-hey-yeah

- **"Feel it".**

I look at you and go mad
Thoughts of things that I do
If one chance I just had to show you
what this man really wants to do
When I'm through you would say
It's been done never that way
And I know you can learn
something new every day

And it feels so good
If you don't think too much
Don't even try to be serious
Just let my hands take control
And give me all of your soul

You know I try to run away but I can't hide
From the moment that's suspended deep inside
When you were mine
And now I need to feel it one more time

Won't you try to feel it
Let me try to feel it
Won't you try to feel it
Let me try to feel it

Feels so good when you lean into me
In the dark I can see
I can feel in my mind what is reality

Why can't you see
things like this are meant to be
Yet somehow once again you have thrown me aside
But always the feeling survives

You know I try to run away but I can't hide
From the moment that's suspended deep inside
When you were mine
And now I need to feel it one more time

Just let my hands take control
And give me all of your soul

You know I try to run away but I can't hide
From the moment that's suspended deep inside
When you were mine
And now I need to feel it

You know I try to run away but I can't hide
From the moment that's suspended deep inside
When you were mine
And now I need to feel it one more time

Won't you try to feel it
Let me try to feel it

"Genius of America";

- **"Genius of America".**

Soft cell, hard trade
They'll steal the deal we made

Take to the sun and make it work by the hour
Talk like us 'til everyman turns sour

New improved, buy now
You can own the sacred cow

Recycled theme park dazzle me with fun
Gold mine garbage dump buy it by the ton

It's an exhibition, crucifixion,
an advertising dessication

It licks away like the tide on a stone
It ticks away at you Genius of America

Break even, burn gas
Buried in waste right up to your ass

Turn a bottle to a bag on the ground
Get used to living in a cardboard town

A visionary luminary future's lookin' kinda scary

It licks away like the tide on a stone
It ticks away at you Genius of America

Quality, you mean quantity
Make it bigger, make it better
Spill it on the land
Spell it over, sell it over

It's a terrible thing to waste

- **"Arms of the Enemy".**

Take a look in the mirror
what do you see
staring back at the lines of life
so wishfully
Could it be any clearer
who earned the pain
Everytime that you ask the price
you'll have to pay

How many lies do I tell myself
so I won't go back

Back to the arms of the enemy
Back to be held by the demons of my soul
Back to the arms of the arms of the enemy

Could be cursed to repeat
the same mistake
Wandering through a blinding fog
that never fades

Knew it wouldn't be easy
to bend the bars
Better off than a homeless dog
but not by far

How many lies do I tell myself
so I won't go back

Back to the arms of the enemy
Back to be held by the demons of my soul
Back to the arms of the enemy
Back to the bosom of my baby
and someone to hold

I'm the last one to yell, "Go to hell,"
preaching doom and gloom
And I'm not just a hack with a gun in your back
too soon

- **"Say what you Want".**

Am I what you're looking for today,
and who will it be tomorrow?
Time has a way of breaking a date
and only fools will follow.

You know that I'd swim across the Nile
walk on my hands for a thousand miles
if you'd explain what's behind that smile, and

Say what you want
but go down with it

For once can we skip the going
through the motions
and cut swiftly to the chase?
There must be a play, pill, or potion
to make you see it my way

Do I just wait for my hell to freeze?
Or was I supposed to be on my knees?
Did I forget? Well won't you tell me please, just

Say what you want
but go down with it

How do you know the way to run away from?
It's never in his eyes
So do you stay or you go?
Never gonna find out
Say what is on your mind

- **"How can you Live with yourself".**

- "Big Brother's still Watching".

The silent horde
comes creeping through the night
Shuns the lights and cameras
staying out of sight
We've been warned
There's no one else to blame
Take your medicine
before they take your brain

I can't believe there's no one listening

Talking heads explain
the latest new reform
You won't get much to say
until you've been reborn

Look at the eyes there's something missing

Don't you think it strange
how they only change the name
Where's the open door
Well it's on the thirteenth floor
I know you've heard it all before

Big Brothers watching us
with eyes in the sky
I think I've had enough of asking why

I know they're still watching us
No where to hide
It's time to turn and fight for your life

All the time you spent
hiding in the dark
Take your poison pen
and stab it in their heart

That may arouse a slight suspicion

Don't you think it's weird
'til they passify your fears
Change the right to wrong
and we follow right along
The bouncing ball will lead us on

Big Brothers watching us
with eyes in the sky
I think I've had enough of asking why
I know they're still watching us
No where to hide
It's time to turn and fight for your life

- "After all you Said".

I guess you're still too wild
after all you said
and did not mean

What hides behind the smile
after all you said
and made believe

Riding line doesn't sound so bad
Just the wide open spaces
Lots of time to reflect the past
Lots of time to forget your face

Someone
I thought we talked about it all
Somewhere
Who wrote the writing on the wall
Somehow
It just took some time to reveal
Someone
The lies were painfully real

Imagine for so long
after all you said
and would not say
Illusions are all wrong
after all you said
and could explain

Riding line doesn't sound so bad
Just the wide open spaces

Someone
I thought we talked about it all
Somewhere
Who wrote the writing on the wall
Somehow
It just took some time to reveal
Someone
The lies were painfully real

No more tears
after all you said

Can't expect the clouds to clear
if you're left in darkness
Your reflection's not in the mirror
I suspect you're heartless

- "Fishhouse".

The creature from the black lagoon
You might say
Is prophecy for the world today
All that's black come out of the bay
Oil spill kill bill has a price to pay

Dead bloated whale
With flies in his eyes
Seen the future much to his demise
Pooned and doomed left to rot and die
Big stench floatin' that you can't deny

Mothers brothers swim in fathoms of tears
Crying this message for thousands of years

Fishhouse--Mediterranean blues
Fishhouse--Subterranean fuse
Fishhouse--Test sight and missile abuse
Fishhouse--Neptune's got so much to lose

Otters eating lead in an oyster bed
Slag heap come turn the whole thing red
Aleutian seagull dried up and dead
Plutonium cocktail toxic head

Mothers brothers swim in fathoms of tears
Crying this message for thousands of years

Fishhouse--Mediterranean blues
Fishhouse--Subterranean fuse
Fishhouse--Test sight and missile abuse
Fishhouse--Neptune's got so much to lose

He's drowning
He going down--going down

My trophy friend is hanging on the wall
Urine the water now let's have a ball--swimmin'

- "Fastest Gun Alive".

Do you know that I was once famous
with a cool hand and a deadly aim
As the years passed with the reputation
they still ask can I still play the game

A tall order
I don't know if I'm that spry
Fastest gun alive
Is the borderline that wide
Fastest gun alive
I'm a wanted man

Guess I told you that I hung my hat up
I was all through with the dusty plain
Now the old's new and the question's--how much
will you still do for the price of fame

A tall order
I don't know if I'm that spry
Fastest gun alive
Is the borderline that wide
Fastest gun alive

I'm a wanted man

How could it I be
the face on this reward
And they tell me I'm a desperate man
but I'm only tired of being bored

- "I Never Saw it comin' ".

I don't have eyes in the back of my head
I can't predict what the future says
I'm not a fortune tella
I'm not a psychic fella
I'm just a lady killa
Never worried what tomorrow brings
Always ready for a stranger fling
I know it sounds so bad
I'm really not that crass
Just want that piece of

I never saw it comin'
Never saw it go
I never saw it comin'
Don't say I told you so
I never saw it comin'
Until it knocked me flat
I never saw it comin'
I don't know where I'm at

This must be what they mean by culture shock
I could've told you it was all a crock
I don't wanna wait
Couldn't get out the gate
and now it's way too late

I never saw it comin'
Never saw it go
I never saw it comin'
Don't say I told you so
I never saw it comin'
Until it knocked me flat
I never saw it comin'
I don't know where I'm at

Turn turn around
Burn burn it down
There there it goes
Where down below

- "Who Names the Hurricanes".

All along the lighthouse reef
the turmoil sweeps in the soil and weeps its beef
with a lack of warning
Hey you
Can't you read the signs
Cartwheeling reams of trees
They sound their dreams as they whistle by

This weather uncaged destroy
Mother of Troy an ancient god
descends upon the land
and backhands the once serene

Sound their dreams as they whistle by

She's all the rage
Who names the hurricanes

Who mops up the sea and rings out
the devil in a torn dress
What will they name her
What will she call him
Whirlwind of a woman this defiant one
who knows no sympathy for the weak
She turns her other cheek

To my feeble plea
and my destiny

She's all the rage
Who names the hurricanes

Call it Catherine
Dash with a flash in the pan

Or Constance
with hell bent fury on man
Try David
He's a classic machismo

Gail suits a catastrophic swipe of a steel brush
Hush hush
She writes history and leaves no mystery
As the wane moon unfolds and spills the hearts of a
thousand beaus on ones who came before

Who comes from a dead hot fog
straight outta Hermuda
Like a colossal electric shaver
clipping a billion trees
transporting exotic birds to unfamiliar surrounds
You resign to read the signs
Up go the dread red flags
Who's to blame
What's in a name

She's all the rage
Who names the hurricanes

What's in a name and who's to blame
You can't resist these winds of fame
Dub it Diana eye at the quiet core and more
Jeannie a soft warm breeze 'til she sneeze
Unearthing Eva you musta believe
Hunkraven Hannah has spumed yo face
Alexandria black browed savage grace
Shirley burley bannana fanna fo fury
Roxanne the gusty tramp turns the sun into a sickly orb
I'm amped!
Madeline's the name they call the torrents of rain
that maul my brain she's insane!
Cyclone Gladys the goddess oh so maddess
Typhoon June's the tag they put on a force
such as this
Who would name a storm Bruce
Only one whose ass is lose
Calling Camille her howling hazards of late ravage
the ground like an atom bomb
Hugo you go boy!
Hurricane Roy-oy oy!
Big Bertha have mertha

- **"It's too Late".**

I'm on my way
and I won't be back tomorrow
I heard the warning shots
above my weary head

No more to say
and there's no more fool to follow
Your favorite whipping boy
has pulled up stakes and fled

And there won't be any fond regrets
or any you'll get over its
No midnight calls to make
or china dolls to break

It's too late!

Call off the dogs
'cause the trail goes on forever
No hostile borderlines
will keep me from my course

We hit the rocks
and it's way past acting clever
I gave you all I had
and all you want is more

'Cause it's all be said and done
and the final bell has rung
The fortune of the fate
There's nothing left to take

It's too late!

What else did you expect
You're just a pain in the

And I almost wrung your neck
Drove me to drink I can't think
It's too late!

- "Around the World".

Guide me into the night
Give me all your delights
Slide me inside your soul
I need to know
I'm half empty
I'm so naive it scares me

Take me right past the edge
I would hold no regrets
Show me the secret life
The cruel disguise
Hold back nothing it's been too long

But I've got to find a way
'Cause I'm running out of stay

So many dreams to tell
You know so well
I'll go with you
Who have you saved the much less depraved

But I've got to find a way
'Cause I'm running out of stay

Got a thousand dollar bill
In my right hand
Does anybody want it?

How 'bout the keys to a car
Or a trip to Europe
Does anybody want it?

Anybody anybody?
Anybody anybody?

Take a week in Las Vegas
And have a big party
Does anybody want it?

I'll tell you the answer
We'll split up the prizes
All get indicted

Everybody everybody
Anybody anybody

And if you beg me
If you jump up and down
I might give you a chance
When the curtain comes down

Because my pockets
Are simply stuffed full of cash
You can keep every dollar
You can stuff in your purse, honey

Got a brand new life
For you and your wife
Does anybody want it?

You can trade her in
For what's behind the curtain
Does anybody want to?

Anybody anybody?
Anybody anybody?

- "Never Amount to Nothing" / "Hermuta".

My mommy and daddy both told me
"Sonny boy, you're a disgrace

You'll never amount to nothing
A blight on the whole human race."

You'll never amount to
My daddy said
You'll never amount to

You'll never amount to
A can of sardines
You'll never amount to
A hill of beans
You'll never amount to
My daddy said nothing
You'll never amount to
Shit

I couldn't argue with daddy
He'd never been wrong before
Right from the start I was a mean little fart
Who'd a known I'd be a star

You'll never amount to
The time of day
You'll never amount to
A rock in the way
You'll never amount to
A bump on a log
You'll never amount to
A punk in the road
You'll never amount to
My daddy said nothing
You'll never amount to

Daddy say you're sorry
For throwing me out so young
If you'd a let me hang out dad
You'd be living off your son

That's right dad it could'a been so sweet now if you'd a treated me right
All the tools you know, those Black 'N Decker tools you wanted
And a Toro lawn mower, the sit down one dad
And a new Maserati
Or some real estate maybe
I had this lovely triangular island all set up for me dad you see
Down on the Bermuda coast somewhere
And there's palm trees and coconuts and maidens and everything
But now we ain't gonna get it
Because I'm uptight for being thrown out so long
And dad I don't care if you punctuate mom's incision 'til hell freezes over

- "Hermuta".

The pilot said to the crew
We're in a screw
We're comin' into Bermuda, Hermuta
Ain't sailed nor flew

Entering the sun
Warm hues and blues
Our heads was almost twisted, twisted
Clean off the ooze

My baby's got dimension
Not to mention
And we ain't even through
I tried to snap her tension
Hum silent in the blue

My baby's got dimension
Not to mention
And I'm almost through
I punctuated her spacious incision
I'm humming in the blue

The tri-a-angle elastic place
You've lost yourself in a forest
It's a blasting race

- "Baby your Face is Mutated".

As I came back from galaxy seven
I'd dream of your face and I'd be in heaven
You used to be so very neat
Now your features are all fried meat
Ooo ooo baby, your face is mutated

Mutated

Oh, your eyes are oozed to one side of your head now
When I look at you baby I wish you were dead now
You used to be the one I trusted, but not anymore
Seeing you now just leaves me disgusted
Ooo ooo baby, your face is mutated
Mutated

It's not your fault, you know it's true
That I wanted to puke when I laid eyes on you
You know I love you always
But your nose is on, uh, sideways
Your face really ate it
Your body never made it
Looks like it's been grated
Your face is mutated

I got bills I gotta pay
So I'm gon' work, work, work every day
I got mouths I gotta feed,
So I'm gon' make sure everybody eats
I got bills!

All these bills pile up my desk
They looking like a mount (Everest!)
All the little kids run around
I can hear their stomachs growl (grrr!)
It's a full moon out
And my girl just keep on howlin' (ooh, ooh)

She said she gonna leave me
If I don't come home with fifty thousand (fifty thousand?)

God damn, God damn, God damn, God damn
Oh man, oh man, oh man, oh man
God damn, oh man, God damn, oh man

I got bills I gotta pay
So I'm gon' work, work, work every day
I got mouths I gotta feed
So I'm gon' make sure everybody eats
I got bills

Woke up and I bumped my head
Stubbed my toe on the edge of the bed
Opened the fridge and the food all gone
Neighbor damn dog crapped on my lawn
Hopped in the car and the car won't start
It's too damn hot but I still gotta walk
Behind an old lady in the grocery line
Praying that my card don't get declined

God damn, God damn, God damn, God damn
Oh man, oh man, oh man, oh man
God damn, oh man, God damn, oh man

I got bills I gotta pay
So I'm gon' work, work, work every day
I got mouths I gotta feed
So I'm gon' make sure everybody eats
I got!

(Bringin' everybody trouble!)

And my shoes, my shoes
I said my shoes!
Ain't got no sole

I got bills I gotta pay
So I'm gon' work, work, work every day
I got mouths I gotta feed
So I'm gon' make sure everybody eats

I got bills I gotta pay
So I'm gon' work, work, work every day
I got mouths I gotta feed
So I'm gon' make sure everybody eats
I got bills.

(Mama got bills! Yo' daddy got bills! Yo' sister got bills! Yo' auntie got bills!)
I got bills.
(Yo' Uncle got bills! Everybody got bills! Everybody got bills!)

- **"The Hip Dip".**

You can dance when the lights are low
Wrap your arms around me and move real slow
Step back baby and start the Pony
Like Short Fat Fanny and Boney Maroney
You can waltz 'til the lights are dim
Bait your line and start to Swim
Forget those dances that seem so new
Breakdown do the Boogaloo

Do the hip dip
Do the hip dip
It's a new trip
The hip dip
Do the hip dip
It's a new trip
Hip dip
Take a tip it's a hit

Well, no reason to wait 'til later
On the floor and do the Gator
Work out 'til you get so hot
Save time for the Robot

You can dance when the lights are low
Wrap your arms around me and move real slow
Step back baby and start the Pony
Like Short Fat Fanny and Boney Maroney

Do the hip dip
Do the hip dip

It's a new trip
The hip dip
Do the hip dip
It's a new trip
Hip dip
Take a tip it's a hit

Hip hip hip

Hip dip
It's a new trip
Do the hip dip
Take a tip it's a hit
Do the hip dip

Do the hip dip
It's a new trip
Do the hip dip
Take a tip it's a hit
Do the hip dip

Do the hip dip
Do the hip dip
It's a new trip
The hip dip
Do the hip dip
It's a new trip
Hip dip
Take a tip it's a hit

"I was a Punk before you were a Punk";

It was a little city by the Bay
We drove our truck a long way there to play
We had a lot of things to think about
It didn't take too long to figure out
We never dreamed that it all would come true
Never thought that we'd have to tell you
But if you ain't found out we're definitely cool

We wrote a song about some local boys
Who had Ferrari's as their favorite toys
And their music gave their lives some hope
And their music was White Punks On Dope
We wish we could be just like them
But they didn't want to be friends
'Cause their lifestyle got scarred from living too hard

I was a punk before you were a punk
You don't believe me? Just step outside and see me baby
I was a punk before you were a punk
You want some action? I'll put your ass in traction baby
I was a punk before you were
I was a punk before you
I was a punk before you were
I was a punk before you

We were a joke at our own record label
They told us, "Make a record, if you're able"
They told us not to take too many chances
And we pissed away our big advances
The producer we got was a jerk
But White Punks was one song that worked
It was shot in the dark that just missed the mark

We were surprised when it caused all this rage
And they wouldn't let us take the stage
We knew we had a lot of what it takes
But we didn't get the lucky breaks
Now it's all such a great big fuss
And they all seem to copy just us
We never got reimbursed for the punks that were first

I was a punk before you were a punk
You don't believe me? Just step outside and see me baby

I was a punk before you were a punk
You want some action? I'll put your ass in traction baby
I was a punk before you were
I was a punk before you
I was a punk before you were
I was a punk before you
